2. The Board will undertake as its first order of business a reduction in the volume of retired office records at the Agency Records Center. To assist in this purge each of you is requested to appoint responsible officers with authority to review your Office's records stored at the Center in order to dispose of all unnecessary materials as well as adopt procedural and technological improvements to reduce the volume. Our objective is an overall reduction of 50%. I will expect a report by 10 September as to the initial actions taken and plans being developed for your Office on this matter.

3. The responsibilities of the Board fall heavily on each Office. To assist the Board and to carry out the records program responsibilities in each Office, you are requested to designate at least one individual whose primary function will be to serve as your Records Management Officer.
